*Acts: 4:11v*

*He is "'the stone you builders rejected, which has become the capstone.'*

## *The History of our Ministry*

*World Family Foundation Fellowship*

## **The History of our Ministry**

*It all started from the church where I was serving as an elder, then knowing my calling they placed me in charge of the children ministry (Sunday school). I started seeing the need of a children's ministry that could help children and youth of the Inner city. That is when I started having Holiday classes in our local church, during school Holiday. I organized a program that is done by the church for the Sunday school children, that will become a regular program for some years. Which also gave way to help us register a ministry in 2001 that will be known by the name of international Centre for teacher training and children frame I.C.T.C.F Reg: which they will add another name on its Berea Children's Centre which people used to call. Having 3 staff which was I and my wife plus volunteers who were from churches and other organizations.*

*Organizing Holiday classes, the need will show up of training also the Sunday school teachers. As time went by we understood that Sunday school was just a class that was taking place on Sunday and there was more work that needs to be done for children and youth. Which will bring us to start the children's ministry where we will take care for the need of a child in all its aspect.*

1. Spirit
2. Mind
3. Body

*It is when we started to organize children and youth camp during school holidays, for children and youth coming from different churches around the inner city of Johannesburg. Our vision having a holistic approach we started helping families in need by*

- *Getting schools for their children*
- *Assisting with foods and clothes*
- *Etc*

*We didn't end there because there was more need like helping couple that were going through challenges, it is when I and my wife we began training at Blue Cross with Dr Michael M. in educating people about HIV and AIDS and also counseling them. That also gave way for us to start Family Bible Club program with a purpose of helping couple to deal with their marriage challenges so that they can be able take care of their children in training them in God's way. From 2001 to 2004 we were busy with different programs in the inn city of Johannesburg. January 2005 I and my wife were sent by Dr. Michael M. from the inn city Johannesburg to Lanseria at Refilwe Community Project where I became the Manager of a Dropping Centre and my wife was an assistant for 2years, which stopped for a time and all our ministry work we were doing in the inn city of Johannesburg. Because we also came with one of our staff family plus some volunteers. When our work ended at Refilwe Community Project, I went back in prayer asking God what is the next step. God showed me all the work we did in the inn city of Johannesburg was good, but the challenges was not only children.*

### **In one hand**

- ✓ *It is the family that needs to be helped in general, by helping the Husband and wife to deal with the marriage challenges so that they can be able to train up their children*

*Knowing the church have a major role to play in all these, because it is where the family goes to worship. But our charismatic churches are having challenges to develop their church departments, so that they can take care of the families that are coming to church every Sunday. It is where also the need of training church departments will come in.*

### **In another hand**

✓ School of the ministry that is developing teaching materials for different church departments Which brought **World Family Foundation Fellowship** to start in 2009 up to know. Since that time, we had organized different programs and activities.

- Youth Conferences
- Couples Conferences
- Youth Camps
- Couples Retreat

### **3 Training for church departments from different churches**

- ✓ Women Ministry
- ✓ Evangelism Ministry
- ✓ Intercession Ministry

### **On the activities the Ministry W.F.F.F**

- ✓ Have visited orphanage homes
- ✓ Assisted some churches
- ✓ And other children ministry organization

### **On the mission the Ministry W.F.F.F We have ben outside the country**

- ✓ To be training church department
- ✓ To do the church seminar for the spiritual growth of the church

Many more are still to come by God grace.

### **In collaboration**

**W.F.F.F** is collaborating with many churches and Christians organizations that identify itself to our vision and with our faith statement
